Dear Mr Fuller,

Producer Responsibility Obligations (Packaging Waste) Regulations 2007 as amended

Upgrade from small to large exporter of packaging waste material.

Following your approval as an Exporter of packaging waste under the Producer Responsibility Obligations (Packaging Waste) Regulations 2007 (as amended), we have received your fee of £2111 and acknowledge **Reef Recycling Ltd** to be classed as a large packaging exporter.

You must comply with the conditions of accreditation set out in Schedule 5 of the above regulations. Your accreditation is also subject to the specific conditions imposed by the Environment Agency under Paragraph (1)(q)(iii) of Schedule 5.

Your approval allows you to issue evidence notes for more than 400 tonnes of packaging waste that has been exported for reprocessing. The National Packaging Waste Database allows you to issue electronic evidence to compliance schemes and producers. This accreditation does not replace any other environmental authorisations that you have for the site. You must still comply with these and other relevant legislation.

If you have any specific queries about your approval or general queries regarding Packaging Regulations please contact Daniel Costello on 03708 506 506.

Yours sincerely,

Ash Rahman
Senior Technical Officer
Producer Responsibility Regulatory Services
