Companies House number	09178638
Accreditation Number	EX232016104

The accreditation will commence on 01 January 2023 and, unless notified in writing by the Environment Agency, will remain valid until **31 December 2023**.

We may cancel the accreditation or in certain circumstances it may be 'deemed' to be cancelled.

This accreditation only applies to the above named operator and process. The accreditation allows the exporter to issue PERNS against the UK Packaging waste they export, subject to complying with all applicable export regulations and the Producer Responsibility Obligations (Packaging Waste) Regulations 2007 as amended, including all conditions of accreditation. The accreditation does not authorise the export itself.

You must notify the Environment Agency immediately in writing of any changes to the details submitted with your application. If you sell the business you will no longer be an accredited exporter. The purchaser of the business may have to make a new application for accreditation.

You are reminded that ePERNs must not be issued for more than the total amount of packaging waste which is exported for reprocessing. Any ePERNs issued contrary to this are invalid and may not be accepted as evidence of compliance if presented by a Producer or Scheme. You cannot issue ePERNs on packaging waste unless it can be lawfully sent to, received and reprocessed at the intended site in the country of destination.

Please be aware that the Environment Agency has a duty to monitor compliance with your current, and any previous years' accreditations under the Producer Responsibility Obligations (Packaging Waste) Regulations 2007 as amended. Any non-compliance may result in the suspension or cancellation of your accreditation and/or enforcement action being undertaken in accordance with our [Enforcement and Sanctions Policy](#).

Additional guidance is provided in Annex III.

Conditions of accreditation

- (1) failed to comply with any of the conditions of accreditation.

- (3) knowingly or recklessly supplied false information in connection with your compliance with the conditions of accreditation.
